THE ONLY BI-WEEKLY SKATE NEWSPAPER IN THE WORLD

SPECIAL ISSUE JAN. 11, 1980 VOL. 2 ISSUE 1 .35c

# WEEKLY GRINDERS

BY

ANITA GRYND

ARE YOU READY for these stats? 152 amateur skaters and over 8 hrs of full-on heavy amateur competition. The second ASPO event at Paramount skatepark, had the that many skaters competing for ASPO points. This is probably one of the largest entry for any amateur event and it promises to get bigger.

#####

Mike Johnson, manager pro-tem for SkateCity, Whittier, is the next person to be besieged by amateurs. The 3rd ASPO is scheduled for Jan. 12. Pool and Cross Country are the events (not Free-style as it was originally planned).

Mike expects close to 200 entries for this event.

#####

Apparently there are other parks that are wanting to start a similar Amateur Circuit. Several Parks in the Florida (TAMPA, JACKSONVILLE, GAINSVILLE) area that are planning their own inter-park, all amateur league. Also in the Detroit, Michigan area.

If anyone is interested, contact ASPO for further information.

#####

If anyone is making you a deal "you can't refuse" for some of that neat 360 sports-wear, be careful, it may be plenty hot. John Baron called to tell us that on three separate occasions his plant was burglarized and about

\$50,000. worth of shorts, shirts and socks were taken. He's offering \$500.00 cash for information leading to the arrest and conviction of the bad dudes.

#####

The last VANS PRO/AM did not go very smooth. There were problems in the judging of the Pro event on Saturday, so all scores were thrown out and everything was started again on Sunday. Then there was a problem in the sponsored Amateur class. It seems that on Saturday some of the skaters were told that both of their runs would count for Sunday while others thought that only their best Saturday run would be used. Thus, the problem.

#####

We think that any pertinent information re; the judging, scoring, times and awards, MUST be made known in advance to all participants. Once that's done, there should be no changes, no matter what, even if the skaters are not happy about it. You start changing at mid-stream and all you're creating is problems for your self.

#####

We've heard from several parks that have closed down for the winter, but want to let everybody know that they'll be back in spring. Several of the Michigan parks kept their shops open for the Holidays but had to close because of rain and snow.

#####

One of our best issues, the last one (Dec. 12, 1979) did not reach many of the parks and shops because of a UPS foul-up. It's too long of a story to tell, but if you were one of the unfortunate that didn't get the "word" from us, please call us,

and we'll ship you some.

#####

Brad Bowman, now in charge of the SIMS Team, seems to be taking his responsibility very seriously. He's got planned Park tours with his Team. One of the first parks the team will visit is SkaterCross, Reseda, sometime in February. We'll try to give you a schedule next issue as soon as Brad gets it in to us.

How about some other teams doing the same?

#####

A near fatal accident involving Art Dickey, Jamie (from SUNSPOTS) and Jill Henderson (former SKATERCROSS manager) occurred Friday night, Dec. 29. Jill was the only one hurt and is still at U.C.L.A. in intensive care. She suffered a broken back, head and spleen injuries. She's expected to leave in a few weeks.

#####

Rumors have it that there are several manufacturers very disturbed with the caliber and organization of some of the past Pro and Amateur events. They're looking for someone that they can fully support and be comfortable with.

Some feel that maybe there should be only one Amateur and one Professional body that would organize all skateboarding and roller skate events.

#####

Like we keep telling you, if you don't get your local park to take black & white pictures of your events and send them in to us, it's going to be pretty tough for us to get it in the paper. We appreciate your calls though.

#####

Shops and Parks report that safety equipment was the biggest seller during the

Christmas Holidays. Rector pads and Mad Rat shorts seemed to lead the way. Also, sales of top skateboard equipment, or Pro-line, was next in popularity. Sure signs of a coming sport.

Watch for the "Ray Allen" Show. That's right, the former Marina manager and ramp-builder extraordinaire, video-taped the last Pro event at Marina and it is scheduled to be shown on THETA CABLE, Channel 3. on January 26, 1980 at 7pm. This is the public access station. Watch it, then call in and tell them you want to see more of it.

Don Hoffman, from PIPELINE Skatepark, reported a phenomenal \$3,000. day in his Pro-shop during the Christmas rush. Outstanding. He's now recuperating his badly sore hands from putting boards and roller skates together.

Lou Peralta (SKATERCROSS) and wife Lois are taking a

few days off and flying to La Paz, Baja Calif. This time he's going on a plane instead of "off-road" as he did on the last Baja 1000 in November. He claims he was too sore to enjoy La Paz then, so he's going to give it another chance.

# # # # # # # # #

Terry Wolf, owner of the BIG O skatepark, also spent some time recently in Mexico. It seems that these park owners need to get far away from the constant grind of running a skatepark.

# # # # # # # # #

We're looking for skaters to help us put together a truly definitive handbook of skateboard and roller skate maneuvers. Help is needed both visually, by performing some of the outrageous things being done on the walls and also being able to explain how to do the tricks. If your interested, contact this paper.

A NEW YEARS RESOLUTION :

and Amateur Championship sometime in December 1980. Is that too much to ask? Think about and go for it.

FLASH! BIG "O" Skatepark will be hosting a PRO-AM on Feb. 3, 1980, Sunday. \$2,400. is the prize money for pros & trophies for amateurs. Also the Saturday before, Feb. 2, the ASPO # 4 AMATEUR CIRCUIT will take place. Big "O" will be a busy place that weekend.

# # # # # # # # #

Entry for Pros is \$75.00 & amateurs \$25. A special for amateurs is set, so that if you skate on Saturday's ASPO event, your Sunday entry will only cost you \$15. There's also a Doubles comp. \$25. per team, "winner takes all" and AIR contest, \$10. entry, also "winner takes all". Skate your brains out dudes.

Since there are no parks open in Texas at this time, Don Singer, Donel Distrib. would like to see a Free-style circuit put together for amateurs. If interested contact his offices.

## 1980...A NEW DECADE, A NEW SPORT... SKATEBOARDING

In this issue, we wanted to try something different in our coverage of Professional and Amateur competitions.

As a "1980 Special", we'll let the pictures tell the stories.

Skateboarding maneuvers have become so outrageous, that we can spend time telling you all about "front side & back-side airs", "elgueros", "foot-plants", "slide rock n' rolls", Andrechts, Bowmans, Grishams, Miller Flips, Gelfand ollie airs and more, but when it comes down to it, the pictures can tell a better story.

The pictures in this issue represent the last four major events of 1979.

They are: ASPO #1 & #2 at SkaterCross and Paramount, VANS Amateur and VANS Pro/Am at Marina.

We chose these last four events because they represent the current flowing energy evident in competitions.

They show the latest maneuvers of some of the top PROS in the World, as well as, the up-and-coming Amateurs.

When you consider that events such as the ASPO AMATEUR CIRCUIT, which are drawing upwards of 150 eager amateur skaters, 1980 will be the year for skateboarding... THE SPORT OF THE FUTURE.

Enjoy checking the action.

Results are in our "result" section.

One more thought, if you didn't see your picture in this issue, we'll try to catch you next time.

If you're not into competition, what are you waiting for?

Ollie ala Harris(John), Val local ripping at Marina's upper key hole. John will soon be joining the ranks of PRO. as a SIMS Team member.

Mike Smith now with DOG TOWN in a stratospheric back side air that blew people's mind at the VANS PRO/AM. 1st place.

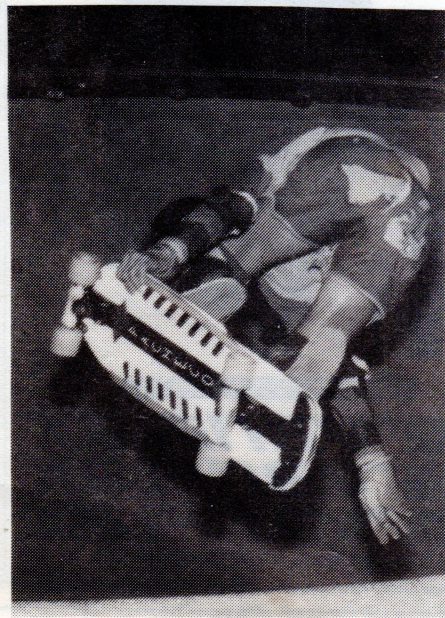

Dennis Agnew, Z-FLEX premier skater and one of the few Dog Towners constantly in the top ten in PRO events. There are few as aggressive and as radical. 6th VANS Pro.

Ten year old Lonnie Peralta, edging out on back of SkaterCross' 2nd wall. Currently in 1st overall ASPO in Unponsored 10 & under Class.

Mike Pacheco, backside air at SkaterCross, ASPO #1. Mike is currently leader of 13-14 Unponsored Class.

# EDITORIAL

1980... a time of PROMISE or PROMISES?

As a first-hand observer of this industry for the past six years and having experienced, on many occasions, the lack of commitment of people in this industry, I feel I can offer the following observations.

1980 will be the year that skateboarding, as it is now known, will either survive or fade into past memories, unless, the industry, as a whole, joins for one common good... "the sport".

The promises made in years past by those who were in the periphery of the business, never materialized. Those people promptly plucked what they could out of this industry and exited in quiet murmurs.

They gave skateboarding a bad image.

Some have now parked their vans or trucks or opened little shops somewhere and are now roller skate entrepreneurs, again sucking that industry dry.

I say good riddens they're out of skateboarding.

Those people who remained committed and loyal to the sport are weathering the storm and they will survive.

But, no one can survive by himself.

It's going to take a cohesive effort from skater, manufacturer, retailer and park owner, as well as, the support of the parents, to make the "sport" and the industry happen.

This is an old song to many of you who have spent countless hours trying to achieve this goal.

To those of you, I say do not give up. The rewards will be great.

There are a few leaders and many followers, it's up to you not to give up if you believe in skateboarding.

To those of you, who for what ever reasons, would rather follow and let some one else do it, then at least make the effort to support those who are trying.

There are honest people in this industry who are trying to succeed beyond monetary reasons. People who would like to leave a legacy for future skaters. People who believe that it is a fun, safe and rewarding sport.

To those people, give them your wholehearted support and trust.

Finally, those of us in the industry also have a moral responsibility to the

thousands of kids we got started in skateboarding.

We sold to them, rented to them, provided to them and gave them the opportunity to commit themselves and get involved in a clean, fun activity.

Can we just sit back and do nothing and let the sport die?

This paper has made the commitment to help propagate the sport.

We'll need your help to continue to speak out, encourage, inform those who are interested in skateboarding for as long as we can.

1980 HERE WE COME! Are you with us ?
